I have had several good experiences with the right your service provided by Uber. I appreciate having this business and my community and would like to continue to have the opportunity afforded to me to use their services.

Subject: Bring Uber back

Gentlemen, Uber is providing a valuable service to the restaurant industry in downtown Greenville! The taxi service is inadequate to support the volume of patrons that wish to get home safely. I do not personally drink and drive but I have waited hours for a ride home using taxi service. Not only will the loss of Uber result in less revenue for the bar and restaurant business but I believe it will increase the number of impaired drivers on our roads. Please bring Uber back!

Sincerely,

Blayne Henderson

Subject: UBER in South Carolina Issue

Hello,

I understand the PSC has given Uber an order to stop services in South Carolina. I am writing to ask that you reconsider your Action as I am a loyal Uber user in multiple states Uber operates in, not just SC. I nor any members of my family or friends that have used Uber drivers have ever had an issue, be it an accident, an inappropriate driver etc. I actually feel safer with most of the Uber drivers we have used than with many taxi drivers.

I don't believe it is fair for you to take this valuable service away from the citizens of South Carolina.

Regards,
Linda Zelisko
Columbia SC

We need Uber in SC ! if you have ridden in a Greenville taxi cab lately, you would never do it again, as it unsafe, and disgusting. Let the consumers decide !
